

Company Profile

Established in 1929 as electromechanical manufacturer and Italian State Railways supplier, 18 years ago the company started a new branch for Personal Computer production and related peripherals distribution.

Since more than 15 years PietroGuerra designs, manufactures and sales professional video editing workstation also thanks to strong relationship with main players in this market, such as Adobe Systems, Matrox, Avid.

In its Milan headquarters, PietroGuerra schedules several workshops for professional training in video editing and related software.

PietroGuerra designs custom hardware and software solutions for video editing, ingesting and storage.

PietroGuerra is ISO 9001:2008 certified, Adobe Partner, Matrox Golden Reseller, Pinnacle Partner Gold, Intel Products Integrator, Avid New Media Partner, Microsoft Windows Media Center partner and is credited as Pinnacle Liquid Institute.

During the last years P.Guerra designed, patented and manufactured several advanced home theater systems and digital signage products, offering new ways of enjoying and managing multimedia contents. Its products won several prizes including Microsoft Green Button Award as best Italian Windows Media Center System.

Thanks to its internal R&D service, PietroGuerra is able to offer even full customized products matching its customers' demands, including development of turnkey hardware and software solutions.
